Absolutely lovely game! Game is really interesting to play, if you love puzzles and liked playing "Where is Waldo?" as a kid, you will absolutely have so much fun playing this game. It took me only few hours to beat all of the given maps, but it was really fun! I streamed my experience through my twitch and my viewers had just as much fun as I did! If you're looking for a relaxed game that is going to keep you intereted throughout all of the puzzles, this is the one to play! <3

10V10 Already recommended this one to my friends!!
